2 POLICY

2.1 AUDIENCE

- 2.1.1 This document must be read in conjunction with all other SH&E Policies.
- 2.1.2 This document is to be read by all workers, including permanent, contract and temporary personnel.
- 2.1.3 This document may be provided to third parties without approval from CapitaEnforcement SH&E Team.

2.2 REQUIREMENT

- 2.2.1 CapitaEnforcement is committed to the prevention of pollution and will work to minimise the impact of its operations through a continual improvement program.
- 2.2.2 CapitaEnforcement recognises that the effective implementation of the policy represents an opportunity to improve our performance by reducing environmental risks and impacts, and increasing the efficiency of our operations.

2.3 CONTACTS

- 2.3.1 For further information or should you have any questions, please contact the Group SH&E Team by emailing groupSHE@capita.co.uk

2.4 NON-COMPLIANCE

- 2.4.1 Non-compliance with this policy may result in disciplinary and / or criminal proceedings against the worker, which may include their managers.

CapitaEnforcement

3 POLICY STATEMENT

The following is a copy of the statement issued by Capita's Group Finance Director mandating this Policy as the minimum baseline which CapitaEnforcement must comply with.

CAPITA

Environmental Policy Statement

We recognise that our day to day activities impact on the environment. We wish to minimise any harmful impacts wherever and whenever practicable, and will work to secure business benefit from environmental protection across all our operations worldwide.

Capita is committed to the prevention of pollution and will work to minimise the impact of its operations worldwide through a continual improvement program.

In particular, we will:

- Make efficient use of natural resources by conserving energy and water, minimising waste, and recycling where possible
- Comply with all applicable local, national and international environmental legislation, regulations and other requirements to which we subscribe
- Meet our duty of care requirements in relation to waste by ensuring the safe keeping, transportation and subsequent recovery or disposal of waste
- Use recycled materials whenever these can be commercially justified
- Keep transport use to a minimum and regularly service vehicles to maintain their efficiency
- Work with suppliers to ensure they recognise and reduce the environmental impact of their products and transportation.
- Integrate environmental and sustainability considerations and positive impacts into our projects and practices

To achieve these we will:

- Set environmental objectives based on the significant environmental aspects across the business.
- Allocate sufficient financial and managerial resources
- Communicate this policy to all employees and those working on our behalf.
- Measure, monitor and report on our environmental performance.
- Review our policy on a regular basis to take account of new developments in environmental management and legislation.
- Perform periodic audits of our activities to ensure compliance with company requirements, legislation and policy requirements.

Capita recognises that the effective implementation of the policy represents an opportunity to improve the performance of the Group by reducing environmental risks and impacts, and increasing the efficiency of our operations.

Nick Greatorex
Group Finance Director
